

VAUGHN

PREMIUM GOALIE GEAR 2024

VPG V10 PRO CARBON LEG PAD

FEATURES

- Firm internal core with HD side rails for greater pad stability
- Composite core technology for superior performance and durability
- Easy flex lower scoop design
- Integrated knee landing pad attached to inner core for immediate pad response
- Extended back leg coverage
- Lower profile outside roll with single break style
- Plus 2" thigh-rise with square shaped inside edge
- Thinner outside panel profile for less bulk
- Pre-curved shape for precise shape
- Two-way adjustable knee cradle strap
- Knee cradle center for quick pad rotation and control
- Wider inner knee landing surface
- Three knee roll design with flat knee rolls
- Full Pro-spec domestic construction
- Inner foam core with carbon surface reinforcement
- Pad shape maximizes full width top to bottom full 11" width
- Outer knee cradle pad is adjustable or removable
- Reinforced instep with flat profile to facilitate skate movement during pad rotation
- Sizes: 31+2", 32+2", 33+2", 34+2", 35+2", 36+2", 37+1" and custom sizes
- Fully custom domestic made with many options

T V10 PRO CARBON CATCH GLOVE

FEATURES

- Open design maximizes pocket and glove size
- Wider and deeper T-web design
- One-piece cuff and thumb
- Easy close design with deep pocket area
- Kevlar® padding on inner palm padding for greater protection
- VAS Shock Shield palm and thumb base padding reduces hand stingers
- Carbon molded palm and front thumb insert
- Deeper back thumb profile for added hand comfort
- Double layer reinforced finger perimeter edge
- Pure composite in palm 40% lighter than plastic
- Hex mesh inner lining for faster drying
- HD foam in back pad over fingers
- Finger tip deflecting rail with HD foams
- Full Pro-spec domestic construction
- Carbon reinforced T-top for greater web stability
- Inner hand strap for retention and control
- Cuff with no binding maximizes blocking surface
- 45" perimeter size
- 50° angle palm break with easy flex design
- Mesh finger stalls for comfort and heat dispersal
- Added padding in wrist strap for increased comfort
- Heat moldable for precise fit
- Defined break points for easy closing

B V10 PRO CARBON BLOCKER

FEATURES

- Pure Carbon reinforced front board for more precise puck deflection
- Deep board top bend for puck deflection
- Molded inner core foam board with 17MM thick HD foam for added rigidity
- Back hand cushion pad for comfort and protection
- Palm with index and small finger trigger design provides more comfort and grip
- Mesh palm gussets for ventilation
- Higher hand position creates added net coverage
- Finger protectors with HD foam protection and Carbon reinforcement
- Side index finger double layered protection
- Large solid side shield with carbon reinforcement
- Palm design for dexterity and stick control
- Carbon molded thumb insert
- Carbon insert on side shield for impact resistance
- Tapered bottom edge for tighter seal when down to the ice surface
- Pro-spec domestic construction
- Floating cuff design increases wrist movement

P V10 PRO CARBON GOAL PANT

FEATURES

- Taper fit waist section for secure fit
- Taller front waist section with HD inserts
- 420 denier nylon exterior with water repellent coating
- Wide stretch panels in inner thigh and crotch for full flexibility
- Added volume in front area to increase flex and allow for chest pad fit
- Front area with expanded volume for larger cup fit
- Front panel design gives added flex to pant
- Large double layered segmented front flex padding
- Full Pro-spec domestic construction
- Padded belt for greater protection and adjustment
- Carbon inserts in tail bone and front groin pad sections
- Flared waist section for easier torso movement
- Full wraparound molded thigh guards
- High cradle technology provides thigh stability
- Inner thigh padding extended to increase protection
- Sport-mesh lining for quick drying, comfort and ventilation
- Molded hip padding with tapered front for easy forward flex
- Available in sizes: S (36-38), M (40-42), L (44-46), XL (48-50), XXL (52-54)

Note: add 8-10 inches to actual waist size then match to appropriate pant size.

VP V10 PRO CARBON ARM AND CHEST PAD

FEATURES

- Carbon Composite in all major impact areas
- HD foams used for light weight and increased protection
- Chest design expands coverage area
- High density ridged foams with Carbon inserts create more solid blocking surface
- Extended side rib cage coverage articulated for optimal fit and flex
- Chest pad vertical adjustment system
- Higher chest pad neck line
- Large back pad with HD foam over spine area
- Large style shoulder floaters for maximum coverage
- Large shoulder cap provides increased impact resistance
- Back shoulder blade padding
- Second shoulder cap extends into upper bicep area to increase coverage
- Constructed with wider shoulder area for greater blocking surface
- Kevlar® ballistic package in chest pad for maximum protection
- Designed for light weight and comfort with extreme adjustability
- Flat profile arm caps increase coverage area
- Increased length wrist straps for more secure fit
- Lower chest pad flap integrates into pants for overlapping protection
- Full Pro-spec domestic construction
- Arm floaters with deeper side profile adds to coverage area
- Arm floaters with nylon covering for reduced friction with Jersey for quicker movement
- Outer bicep extension pad expands coverage and protection area
- Deep inside arm profile adds protection surface area
- Arm floaters with middle bar pad in center seam
- Arm floaters with HD and Carbon inserts for added protection and stability
- Molded Plastizote® foam and HD foam elbow caps
- Available in two colors Black/Charcoal and Black/Red
- Available in sizes XS, S, M, L, XL and custom

VPG SLR4 PRO CARBON LEG PAD

FEATURES

- Full Pro Spec domestic construction for optimal performance
- New Carbon core technology for a higher level of performance
- Pure Composite front surface for active rebounds
- Solid outside roll with no break at knee
- Beveled outside roll with low profile
- Quick-slide inner edge panels reduces friction on ice for quick movement
- Flat smooth inner edge for quick on ice motion
- Wide inside edge for greater stability in butterfly
- Balance stabilizer inside edge design
- Rebound positive design and construction
- Inner knee block with wrap around carbon reinforcement for added pad control
- Open knee cradle for pad rotation
- Rotation control straps with adjustable positioning
- Wide leg cradle gives leg support in butterfly
- Inner leg support cushion helps distribute body weight evenly on inside edge of pad
- Wider back calf coverage area
- Inner core with HD foam side profiles for added stiffness
- Pre shaped design for a precision fit and pad control
- Flexible scoop with greater angle for range of motion for flexibility
- Flatter instep area for increased pad rotation speed
- Pad design sits taller off skate for faster rotation
- Available in sizes, 31+2", 32+2", 33+2", 34+2", 35+2", 36+2", 37+1" and custom sizing is available.

Quick-slide Technology is a low friction material that provides the ultimate and quickest on-ice movement.

T SLR4 PRO CARBON CATCH GLOVE

FEATURES

- New design and style with wider more open shape
- Even weight distribution provides lighter feel and quick action
- No eyelets on perimeter
- Shock shield foam in palm for increased hand impact protection
- Pre-formed aggressive palm break
- Glove base interior with antimicrobial treatment
- Carbon fiber molded palm
- Double layered reinforced finger perimeter edge
- Wrist strap positioned closer to hand gives more wrist flex
- Padded wrist strap for glove security and control
- Large back thumb adds glove stiffness and support
- Wide span T-web creates more open catching surface
- Single spine Web contoured to increase lace area
- Deep T-web expands catching surface area
- 60° or 70° palm break option
- Carbon reinforced T-web top for increased stability
- Back hand padding with HD over fingers
- Quick adjustable thumb loop strap
- HD fingertip deflecting rail
- Hand laced and individually formed for custom fit and feel
- Wide notch at heel of hand improves stick control
- Heat moldable
- 45" perimeter size maximizes net coverage

B SLR4 PRO CARBON BLOCKER

FEATURES

- Blocking board profile shape is designed to maximize net coverage
- Higher hand position on glove increases downward coverage area
- Larger style side shield expands side coverage
- Laced down board front surface for superior puck deflection and control
- Large finger protectors with split design for maximum coverage
- Extra thick super high-density internal board with composite overlay
- Stiffer high-density side shield inserts with HD foam and carbon layering
- Finger protector end pads with HD inserts
- Cushion padding over back hand
- Open style cuff for greater hand mobility
- Adjustable wrist strap for glove control
- VX suede palm with antimicrobial grip overlay
- Trigger index finger with no inside seam
- Full Pro Spec construction
- Quick-slide material on bottom edge
- Thumb cushion pad
- Full 8" x 15" front blocking surface with no binding

VP SLR4 PRO CARBON ARM AND CHEST PAD

FEATURES

- Molded HD shoulder caps and shoulder cap extensions for added upper body coverage
- Sternum pad with HD foams and composite reinforced to reduce impacts
- Molded plastic arm caps with extended wrap around design
- Extended back arm padding at forearm and bicep
- Large shoulder floaters shaped for maximum net coverage
- Dual back strap system for greater adjustability
- Chest pad design allows to wear inside or outside of pants
- Chest pad design stays higher on shoulders for increased blocking surface
- Full Pro-spec domestic construction
- New main arm floaters are sewn down to arms for added stability
- Forearm tapers at wrist for better fit with gloves
- HD and carbon reinforced main arm floaters to dissipate impacts
- Suspender retention strap on shoulder floaters
- New floating style elbow pads improve fit and comfort
- Mesh arm base for flex and ventilation
- Back spine pad with HD foam insert
- Wide profile design increases net coverage
- Adjustable wrist straps
- Side bicep extension for added side arm coverage
- Increased padding in bicep for greater impact resistance
- Available in colors, Black/Lime Green or Black/Sport Gold
- Available in sizes XS, S, M, L, XL and custom

- Wide crotch stretch for flexibility
- Inner thigh stretch panels
- Molded hip caps with wide coverage
- Extra tall tail bone pad extends to cover lower back
- HD foam waist section padding with taller design
- Available in Black, Navy, Red,
- Available in sizes M (24-26), L (26-28), XL (28-30), Actual waist size

VPG SLR4 JUNIOR LEG PAD

FEATURES

- New Pro inspired internal structure provides for a stiffer structure
- Balance stabilizer inside knee design
- Solid outside roll with beveled puck deflecting shape
- Flat inner edge with higher density foam
- HD foam internal core front panel for superior performance
- Flat front blocking surface with firm construction
- Rebound positive construction for more active puck response
- Flexible scoop with increased angle for increased mobility
- Bungee cord toe attachment
- Wide knee cradle with angled adjustable strap
- Wider leg cradle design speeds pad rotation
- Deeper inner knee side panel for added balance and coverage
- Tapered outer edge on knee cradle for added pad rotation
- Rotation control strapping
- Top thigh rise creates increased blocking surface
- Top thigh rise with thin side profile for tight seal in butterfly
- Very light weight design with even weight distribution for improved pad control
- Pre-shaped profile shape and structure for precision fit
- Optimized for fast on ice slide with Quick-slide material edge
- Available in sizes 24+2", 26+2", 28+2"

VENTED BACK PANEL

HOW TO MEASURE COMPRESSION SIZES

Ultra-tight skin fit, that keeps you locked in and mobile

ADULT TOPS

CHEST: Place the tape measure under your arms at the fullest part of your chest, wraparound your body until the tape measure meets.

SIZES	CHEST (Inches)	CHEST (CM)
XS	30"- 32"	76-81
S	34"- 36"	86-92
M	38"- 40"	96-102
L	42"- 44"	106-112
XL	46"-48"	116-122
XXL	50"-52"	127-132

ADULT BOTTOMS

WAIST: Measure around your natural waistline right above your hips until the tape measure meets.

SIZES	CHEST (Inches)	CHEST (CM)
XS	26"-27"	67-70
S	28"-29"	72-76
M	30"-32"	80-85
L	34"-36"	89-94
XL	38"-40"	99-104
XXL	42"-44"	109-116

VTG 2200 PRO THROAT GUARD
